SKILLS

TECHNICAL SKILLS

- Java
- Spring Boot
- Sql
- C

SOFT SKILLS

- Solution finder
- Punctuality

AREA OF INTEREST

- Object Oriented Programming concepts
- Relational Database Management Systems

PROJECT

Title : Employee management system

Description : I developed an Employee Management System using React.js, Spring Boot, and MySQL database. The system incorporates CRUD (Create, Read, Update, Delete) operations, enabling administrators to add, view, update, and delete employee details efficiently.

Title : E-Commerce

Description : I developed an e-commerce application using React.js for the frontend, Spring Boot for the backend, and MySQL for the database. It features admin functionality for adding new products and user accounts for browsing and purchasing.
